## MARCELO BROZOVIC EA SPORTS PLAYER OF THE MONTH FOR APRIL

The award will be presented to the Inter midfielder in the pre-match of  
Inter vs Empoli

The EA SPORTS Player Of The Month award for April has been assigned to Inter player **Marcelo Brozovic** and his Player Of The Month card is available now in FIFA 22 Ultimate Team mode. The trophy and the Player Of The Month card will be presented during the pre-match of Inter vs Empoli, scheduled for Friday 6<sup>th</sup> May 2022 at 6.45pm at the "Giuseppe Meazza" stadium in Milan.

The ranking was compiled according to the statistical data of Stats Perform (a system patented in 2010 with K-Sport), with the help of tracking data recorded by EMG Italy.

For the final calculation were considered the Serie A TIM 2021/2022 matches played in April.

*"Marcelo Brozovic has confirmed once again this year his undoubted talent that places him among the best playmakers at international level - said Luigi De Siervo, Lega Serie A CEO -. The month of April shows how much the presence of the Croatian midfielder on the field has been decisive for the game and the results of his team, with a series of four consecutive victories in which Brozovic has also scored two goals of excellent technical quality. The ability to read situations, the constant movement and technical quality make Brozovic the prototype of the modern playmaker".*
