RAFAEL LEAO EA SPORTS PLAYER OF THE MONTH FOR OCTOBER

The award will be presented to Milan forward in the pre-match of
Milan vs Fiorentina

The EA SPORTS Player Of The Month award for October has been assigned to Milan player Rafael Leao. The trophy will be presented during the pre-match of Milan vs Fiorentina, scheduled for Sunday 13th November 2022 at 6.00pm at the "Giuseppe Meazza" stadium in Milan.

Rafael Leao was the most voted by fans on <http://serieapotm.easports.com/>, in a poll that included Nicolò Barella (Inter), Ademola Lookman (Atalanta), Sergej Milinkovic-Savic (Lazio) e Victor Osimhen (Napoli).

The five best players of the month has been selected taking into account the advanced analysis of Stats Perform, created from the tracking data recorded with the Hawk-Eye system. The rating system, patented in 2010 with K-Sport and scientifically validated, considers not only statistical data and technical events, but also positional data. This makes it possible to analyse crucial aspects such as movement without the ball and thus optimal movements, game choices, and the contribution to the technical and physical efficiency of the team, which allow for an objective and qualitative evaluation of the performance.

For the final calculation were considered the matchdays from 8 to 12 of Serie A 2022/2023.

"The fans' vote in the EA SPORTS poll recognised the talent and technical skills of Rafael Leao, whose accelerations were fundamental to the Rossoneri's victories in October - said Lega Serie A CEO Luigi De Siervo -. Starting from this season we wanted to give even more importance to the fans of our league and we are very pleased with the great participation to the voting for the Player Of The Month on the EA SPORTS platform. After last season's Serie A MVP award, the Portuguese striker confirms himself as one of the tournament's Top Players, a forward capable, with spectacular plays, to decide matches".
