VICTOR OSIMHEN EA SPORTS PLAYER OF THE MONTH FOR JANUARY

The award will be presented to the Napoli striker in the pre-match of
Napoli vs Cremonese

The EA SPORTS Player Of The Month award for January has been assigned to Napoli player **Victor Osimhen**. The trophy will be presented during the pre-match of Napoli vs Cremonese, scheduled for Sunday 12th February 2023 at 8.45pm at the "Diego Armando Maradona" stadium in Naples.

Victor Osimhen was the most voted by fans on <http://serieapotm.easports.com/>, in a poll that included Paulo Dybala (Roma), Lautaro Martinez (Inter), Ademola Lookman (Atalanta), Luis Alberto (Lazio).

The five best players of the month has been selected taking into account the advanced analysis of Stats Perform, created from the tracking data recorded with the Hawk-Eye system. The rating system, patented in 2010 with K-Sport and scientifically validated, considers not only statistical data and technical events, but also positional data. This makes it possible to analyse crucial aspects such as movement without the ball and thus optimal movements, game choices, and the contribution to the technical and physical efficiency of the team, which allow for an objective and qualitative evaluation of the performance.

For the final calculation were considered the matchdays from 16 to 20 of Serie A 2022/2023.

"In the month of January Victor Osimhen has confirmed himself as an authentic Top Player, one of the strongest strikers on the international scene - said Luigi De Siervo, CEO of Lega Serie A -. With five goals in five matches, the Nigerian striker consolidated his place at the top of the goalscoring charts and once again demonstrated his leading role in a team that never stops surprising. In fact, this is the third time in five months that a Napoli player has been awarded the Player of the Month award, a demonstration of Napoli's ability to discover and develop great talents".
