## MVP SERIE A 2022/2023 – KHVICHA KVARATSKHELIA BEST OVERALL

The MVP of Serie A 2022/2023 award as **Best Overall** has been assigned to Napoli player **Khvicha Kvaratskhelia**. The presentation of the trophy will take place during the pre-match of Napoli - Sampdoria on the pitch of the "Diego Armando Maradona" stadium in Naples.

The rankings were drawn up taking into account the advanced analysis of Stats Perform, created from the tracking data recorded with the Hawk-Eye system. The rating system, patented in 2010 with K-Sport and scientifically validated, considers not only statistical data and technical events, but also positional data. This makes it possible to analyse crucial aspects such as movement without the ball and thus optimal movements, game choices, and the contribution to the technical and physical efficiency of the team, which allow for an objective and qualitative evaluation of the performance. For the final calculation were considered all matches played in Serie A (except Round 38).

*"Khvicha Kvaratskhelia's impact on the league has been impressive - the words of Lega Serie A CEO **Luigi De Siervo** -. Congratulations to Napoli for having brought to Italy this talent, who from the very first matches showed off his repertoire of technique, dribbling, personality and creativity. With 12 goals and 10 assists Kvaratskhelia was one of the leading players for the Azzurri, who won the Scudetto and made many fans and lovers of beautiful football dream".*
