PAULO DYBALA "EA SPORTS FC PLAYER OF THE MONTH" FOR APRIL

The award will be presented to Roma forward in the pre-match of
Roma vs Genoa

The **EA SPORTS FC Player Of The Month** award for April has been assigned to Roma player **Paulo Dybala**. The trophy will be presented during the pre-match of Roma vs Genoa, scheduled at the "Olimpico" stadium in Rome.

Paulo Dybala was the most voted by fans on <http://serieapotm.easports.com/>, in a poll that included Calhanoglu (Inter), Gudmundsson (Genoa), Lookman (Atalanta), Luis Alberto (Lazio), Politano (Napoli).

The six best players of the month have been selected taking into account the advanced analysis of Stats Perform, created from the tracking data recorded with the Hawk-Eye system. The rating system, patented in 2010 with K-Sport and scientifically validated, considers not only statistical data and technical events, but also positional data. This makes it possible to analyse crucial aspects such as movement without the ball and thus optimal movements, game choices, and the contribution to the technical and physical efficiency of the team, which allow for an objective and qualitative evaluation of the performance.

For the final calculation were considered the matchdays from 31 to 34 of Serie A Made in Italy 2023/2024.

*"In April, the vote of Serie A fans on the EA SPORTS platform awarded Paulo Dybala, for the third time since the start of the season, the best player of the month - said Lega Serie A CEO **Luigi De Siervo** -. The Argentine world champion is one of the Top Players not only in our league, a player capable of raising the level of the game and the performance of his teammates, thanks to his extraordinary technical skills and his great ability to dictate the timing in the last 30 metres of the pitch".*
