SCOTT MCTOMINAY "EA SPORTS FC PLAYER OF THE MONTH" FOR APRIL
The award will be presented to Napoli midfielder in the pre-match of Napoli vs Genoa

The **EA SPORTS FC Player Of The Month** award for April has been assigned to Napoli player **Scott McTominay**. The trophy will be presented during the pre-match of Napoli vs Genoa, scheduled for Sunday 11th May 2025 at 8.45pm at the "Diego Armando Maradona" stadium in Naples.

The fans' votes on http://serieapotm.easports.com/, combined with individual statistical data, determined Scott McTominay as the winner, beating champions like Diao (Como), Ndoye (Bologna), Ondrejka (Parma), Rovella (Lazio), Soulè (Roma).

The six best players of the month have been selected taking into account the advanced analysis of Stats Perform, created from the tracking data recorded with the Hawk-Eye system. The rating system, patented in 2010 with K-Sport and scientifically validated, considers not only statistical data and technical events, but also positional data. This makes it possible to analyse crucial aspects such as movement without the ball and thus optimal movements, game choices, and the contribution to the technical and physical efficiency of the team, which allow for an objective and qualitative evaluation of the performance.

For the final calculation were considered the matchdays from 31 to 34 of Serie A 2024/2025.

"Scott McTominay's impact on the league has been 'devastating', proving to be an absolute top player, the ideal prototype of the 'box-to-box' midfielder, decisive in both phases of the game -said Lega Serie A CEO **Luigi De Siervo** *-. The five goals he scored in April alone put Napoli back on top of the table and allowed the player to set his own personal record for goals in a season. He is the first Scotsman to win the Serie A Player of the Month award, an award that has been won a total of 11 times, out of 53 editions, by a Napoli player, a club that holds the absolute record in this special classification".*
