KHEPHREN THURAM "EA SPORTS FC PLAYER OF THE MONTH" FOR MAY

The award will be presented to Juventus midfielder in the pre-match of Venezia vs Juventus

The **EA SPORTS FC Player Of The Month** award for May has been assigned to Juventus player **Khephren Thuram**. The trophy will be presented during the pre-match of Venezia vs Juventus, scheduled for Sunday 25th May 2025 at 8.45pm at the "Pier Luigi Penzo" stadium in Venice.

The fans' votes on <http://serieapotm.easports.com/>, combined with individual statistical data, determined Khephren Thuram as the winner, beating champions like Gimenez (Milan), Koné (Roma), Lookman (Atalanta), McTominay (Napoli), Orsolini (Bologna).

The six best players of the month have been selected taking into account the advanced analysis of Stats Perform, created from the tracking data recorded with the Hawk-Eye system. The rating system, patented in 2010 with K-Sport and scientifically validated, considers not only statistical data and technical events, but also positional data. This makes it possible to analyse crucial aspects such as movement without the ball and thus optimal movements, game choices, and the contribution to the technical and physical efficiency of the team, which allow for an objective and qualitative evaluation of the performance.

For the final calculation were considered the matchdays from 35 to 36 of Serie A 2024/2025.

*"The fans' votes on the EA SPORTS FC platform have declared Khephren Thuram the best player of May – said Lega Serie A CEO **Luigi De Siervo** -. It had been since Sami Khedira that a central midfielder had not been involved in at least nine goals (including goals and assists) in his first Serie A season. A player of great dynamism, in addition to his great contribution in the interdiction phase, Thuram also proved his value on the offensive side, equalling his own record for goals in a season with 4. With this award, Khephren closes the year of the player of the month awards, which had been opened last August by the victory of his brother Marcus".*
